Executive Office • 1325 J Street, Suite 1910 • Sacramento, California 95814-2928

May 2, 2000

The Honorable Steve Peace, Chair
Joint Legislative Budget Committee
State Capitol, Room 3060
Sacramento, CA 95814

Dear Senator Peace:

As required by Government Code Section 8878.97, this report provides expenditure information for activities being carried out pursuant to the Earthquake Safety and Public Buildings Rehabilitation Bond Act of 1990 for local government buildings. The Bond Act requires that:

"The Director of General Services shall provide to the Joint Legislative Budget Committee and chairpersons of the fiscal committees in each house of the Legislature a listing of expenditures for activities pursuant to this article by January 10 of each year. This information shall be submitted either in the Governor's Budget document or a separate report."

If you need further information or assistance on this matter, you may wish to have your staff contact Joel McDonald, Chief, Seismic & Special Programs Section, Professional Services Branch, Real Estate Services Division, at (916) 445-2600.

Sincerely,

CLIFF ALLENBY, Interim Director
Department of General Services

LOCAL GOVERNMENT GRANT STATUS REPORT

The Department of General Services, Real Estate Services Division, is issuing this report to the Legislature in response to the requirements outlined in Government Code Section 8878.97.

BACKGROUND

Under the Earthquake Safety and Public Buildings Rehabilitation Bond Act of 1990, voters approved bonds to be sold in the amount of \$300 million, of which \$50 million was for seismic retrofitting of local government essential services and public safety buildings. Approximately \$3.4 million was set aside for support; and \$500,000 was allocated to Riverside County per the provisions of SB 248 (Ch. 332, Statutes of 1993).

Phase I (1994) appropriated \$45,478,621 of the \$50 million for 113 seismic retrofit projects.

Phase II (1997) prioritized and added 89 new projects to the program. Of the 89 projects, the first 54 (\$5,518,328) have been funded (the first 27 in 97/98 FY, 20 in 98/99 FY, the next 7 in 99/00 FY).

To date, 40 projects have been withdrawn (\$3,534,909 reverted); and 79 completed projects have produced surplus money (\$1,317,846 reverted). These, along with revised (increased/decreased) reappropriations in the 1996, 1997, 1998 and 1999 Budget Acts, have resulted in an adjusted total appropriation of \$46,144,194 and a \$518 fund reserve.

PROJECT LIST

This local government grant status report was prepared with the latest data available as of December 8, 1999. Fifty-four projects were added to the original 113 projects. Of these 167 projects, 79 are now complete, 14 have grants in progress, 34 are planning to encumber funds, and 40 have been withdrawn by local agencies. These 167 projects are outlined in this report as follows:

- First: Projects in the same order as listed in the 99/2000 Budget Act.
- Second: Projects in progress.
- Third: Projects complete.
- Fourth: Projects that were withdrawn/canceled.

The dollar amounts approved in the Budget Act for each project are predicated upon preliminary estimates furnished by local governments. Once the local jurisdiction receives bids for the project, the grant is written for the lesser of either the estimate or the actual bid amount. On December 1, 1999, the Real Estate Services Division (RESA) requested that local governments furnish a current project schedule that included bid, award, construction start, and construction finish dates. We requested justifications for any delays from those local governments which indicated that they would start construction after the June 30, 1999 deadline.

**LOCAL GOVERNMENT GRANT
STATUS REPORT**

Following is an explanation of the headings on the project list:

1. Project - The name of the project; the address and use of structure; the name of the project manager for the local government, and phone number and FAX, if known.
2. Total Appropriation - The total Budget Act dollar amount.
3. Grant Amount - The dollar amount of either the actual construction bid or Budget Act amount, whichever is less.
4. Construction Award Date - The date a bid is awarded or anticipated to be awarded (the project is awarded to the contractor just after bid date). Where this column is blank, no information has been received.
5. Comments - Additional relevant items related to project progress, including any justification the local government has given for delays. Where this column is blank, no information has been received.
